Greg: I found this searching for email from Todd Stanton. He was apparently upset because I told someone at the County that I regretted taking only his word for what was going on. Also, more info in one of his emails.

Laurie

Good morning, Todd. I have no recollection of saying that, given it's not how I view this situation, but I might have said I should not have only spoken with you with respect to Mr. Standard's retirement. My only job is to ensure Mr. Standard receives the service he has earned and that's what I'm going to do. Thanks.

Laurie

Hi Laurie,

Not to drag you into the issue in Seward County further, but can you corroborate or refute a statement made this morning by the Seward County Administrator? She stated that during her conversation with you yesterday you said to her, 'I should never have had a conversation with a county commissioner.' She may have been paraphrasing what she believes was said. I found it out of character with our direct conversations so needed to check with you.

Thanks.

I came to learn of county funds being errantly paid at the KP&F rates for Mr Standard and [REDACTED] while reviewing county budget items during our budgeting process. Neither employee appeared to meet the criteria for KP&F pension though payroll reports showed them both being given this coverage.

I contacted you directly after discussing the matter with Sheriff Gene Ward.

The County Administrator, April Warden, has in at least two or three meetings included emergency management in comments about KP&F pension contribution rates though these employees do not meet the criteria.

Good morning, Todd. I wanted to let you know that things have become a little crazy here with Mr. Standard's retirement. He is going to appeal and part of the narrative we will need to offer our judge is how we learned of his position not meeting the requirements for KP&F coverage. Do you have any thoughts?

Also, I'm told I need to contact April Warden today.

Please advise.

Laurie
