Subject: RE: KP&F Service

Hi Laurie,

I appreciate you reaching out and I was going to let you know that we are contacting the EMS Director and 911 Communications Director to see if they can pull call logs to find out the number of runs/calls Greg responded to during that period of time. It is a number of years, so I am not sure what we will be able to obtain, but we are giving it a good effort.

We have learned through this process we need to be very specific in our job descriptions. Do we need to send you a letter stating the additional duties/responsibilities that Greg was handling that were not clearly defined in his job description? As I mentioned he takes HAZMAT Calls, EMS Calls, Storm Watching, and Mutual Aid calls in surrounding counties as well.

Thank you for your assistance in this.

April D. Warden, CPM

County Administrator

Subject: KP&F Service

Good morning, April. I wanted to let you know that I've had a couple of phone conversations with Greg and we've had some good discussions about his service. Thus far, we think that 2006-2016 is likely KP&F service as he had two positions that likely met the statutory standard and then 2020 and 2021 for the work he did re: covid. I know I told you that the position should be nearly all going out on calls, but I've been looking into the federal definition of "public safety officer" and how EMS-style positions are handled in small communities. Certainly, his duties dealing with weather-related disasters apply.

I wanted to touch base to let you know what I was working on and to let you know Greg and I had spoken. Keep me posted and I'll let you know what I find, too.

Laurie
